

## Flow Chart<sup>1</sup> of the Final Round: Connecticut Debate Association, Fairfield Warde High School, January 20, 2007

**Resolved: In the United States, the keeping of animals in zoos should be banned.**

The final round was between Glastonbury (Christopher Snyder and Philip Polychroniu) on the Affirmative and Joel Barlow (Isaac May and Jason Kaplan) on the Negative. The debate was won by Joel Barlow.

### Format Key

It's hard to reproduce notes taken on an 11" by 14" artist pad on printed paper. The three pages below are an attempt to do so. The first page covers the constructive speeches, the second page covers the cross-ex, and the third page covers the rebuttal. The pages are intended to be arranged as follows, which is how my actual flow chart is arranged:

Note that the first page containing the constructive speeches always has arguments related to the Affirmative contentions at the top, and those relating to the Negative contentions at the bottom. This is not how the speeches may have been presented, in that often a speaker will deal with Negative arguments prior to the Affirmative. The “transcript” version of this chart presents the arguments in each speech as presented.

The chart uses “A1,” “N2,” etc. to refer to the Affirmative first contention, the Negative second contention and so forth. It also uses the following abbreviations:

---

| First Affirmative Constructive   | First Negative Constructive  | Second Affirmative Constructive   | Second Negative Constructive   |
|--|--|---|--|
| 1) Introduction<br>2) Statement of the Resolution<br>3) Definition: “Zoo” is a place that derives income from showcasing animals<br>4) A1 <sup>2</sup> : Long-term captivity is harmful.<br>a) The mating and social needs of the animals are not met<br>i) This results in abnormal behavior<br>b) It causes the capture and harm of wild animals<br>i) This damages the ecosystem<br>c) Animals are harmed directly<br>i) Wings are clipped, water for aquatic animals is of poor quality<br>5) A2: Zoo’s focus on money, not care<br>a) Commercial firms driven by profit motive<br>b) Low attendance would lead to a loss, so zoos seek exotic animals<br>c) Revenue goes to cosmetics and amenities that will please visitors<br>6) Zoos provide entertainment not education<br>a) Plaques have little information and studies show they are rarely read<br>b) Better forms of education exist<br>i) Viewing animals in their habitats by safari, whale watching, Audubon societies<br>ii) Technical advance permit viewing by TV and internet, or virtual environments<br>c) Zoos are artificial | 1) Introduction<br>2) Statement of Resolution<br>3) Opening Statement: The Bronx Zoo is a glorious, modern facility<br>a) Provides education, conservation and entertainment<br>b) Entertainment is important to preservation  | 1) A1: Zoos harm animals physically and mentally<br>a) Their needs are ignored and normal behavior eliminated, leading to “zoo-chosis”<br>b) This abuse is immoral<br>2) A2: Renovation to zoos is cosmetic<br>a) It’s intended to attract visitors and make money, not help animals<br>3) A3: Information cards in zoos offer little information<br>a) Visitors don’t interact with or appreciate the animals<br>b) Modern technology—internet zoology courses, live feeds and TV specials teach more<br>c) Entertainment is wrong if it leads to abuse. | 1) A “zoo” implies captivity, parameters on where an animal can go.<br>a) By this definition Yellowstone is a zoo, as animals are kept in bounds<br>2) The Affirmative presents a 19 <sup>th</sup> Century Victorian image of zoos as dank prisons<br>a) Zoos have changed into admirable institutions that care for the animals<br>b) Affirmative doesn’t address zoos as they are today.<br>c)   |
|  | 1) N1: We cannot morally or legally get rid of zoos<br>a) if, on the one hand, you insist zoos are bad<br>b) you must, on the other hand, believe circuses, farms, slaughterhouses are bad<br>c) It’s inconsistent to insist on eliminating one and not the other<br>2) N2: Zoos are good for the community<br>a) People like zoos, over 100 million visitors annually,<br>b) \$1 billion in revenue, 50,000 employees<br>c) Bronx and National Zoos are major tourist attractions<br>d) Zoos are part of the culture<br>e) Zoos are supervised and regulated, not purely for profit<br>3) N3: Zoos provide good conservation programs that save species<br>a) Over \$100 million per year contributed | 1) N1: Moral issue isn’t the elimination of zoos but elimination of bad treatment in zoos<br>a) Circuses and slaughterhouses are not relevant to this debate<br>2) N2: Jobs provided by zoos don’t compensate for torture of animals<br>3) N3: Conservation efforts happen elsewhere, not at zoos.  | 1) N1: The Affirmative refuses to address other issues of animal abuse that follow logically from their cases<br>2) The Negative can propose changes to fix problems short of adopting the resolution<br>3) PETA is a known biased source, with ideas like “canine Americans.”<br>4) “Zoo-chosis” is preventable with better regulations and supervision<br>a) Zoos could be watched as closely as schools are<br>b) A1 and A2 don’t hold up if sufficient regulation and funds are in place<br>i) The Indiana zoo that was closed shows supervision works<br>5) N3: Zoos have been successful in simulating animal habitats where they thrive<br>a) Zoos train over 40,000 teachers and spent \$143 million on educational improvements |

<sup>2</sup> “A1” indicates the Affirmative’s first contention, “N2” the Negative’s second contention and so forth.

|  |   |  |  |
|--|---|--|--|
|  | <p>for conservation</p> <p>b) Breeding programs help save gorillas and pandas</p> <p>c) Zoos provide better education when people see animals in person</p> <p>d) Zoos connect people directly to the conservation effort</p> |  | <p>b) Zoos work through the DEP and AZA on condervation</p> <p>c) Overall, the benefits outweigh any harms</p> |
|--|---|--|--|

| Cross-ex of First Affirmative   | Cross-ex of First Negative   | Cross-ex of Second Affirmative  | Cross-ex of Second Negative  |
|---|--|---|--|
| <p>1) Do zoos contribute some of their revenue for conservation? Yes</p> <p>2) Do zoos play any other conservation purpose? It isn't their main purpose.</p> <p>3) Doesn't whale watching disrupt mating habits? Never gone whale watching.</p> <p>4) Doesn't bird watching disrupt egg laying? It's not the same as disrupting their habitat.</p> <p>5) Zoos are institutions that get money for letting people see animals? They showcase the animals.</p> <p>6) Is the Affirmative against captivity for all animals? We are against long term captivity in zoos</p> <p>7) And it's okay to keep animals captive in other situations? We have no position on that.</p> | <p>1) Has the Affirmative argued that zoos are immoral? The Affirmative refused to answer the question</p> <p>2) No answer implies an argument? The Negative believes the Affirmative was unsure what to say.</p> <p>3) Why should the Affirmative answer if it has no position on the issue? If it had a position, it would argue it; failure to argue means it's unwilling.</p> <p>4) How can we prevent the injustices without banning zoos? They are Federally regulated, as the case of the "Me Too" Zoo in the Midwest shows</p> <p>5) Doesn't the government approve? No it regulates conditions.</p> <p>6) So the abuses are approved? Zoos are regulated so the abuses do not persist</p> | <p>1) Do you have any source for animal abuse in zoos other than the PETA<sup>3</sup> article? We believe that article reflects zoos today.</p> <p>2) Isn't PETA a biased source? The information presented is correct.</p> <p>3) The Affirmative wants to end animal abuse? The abuse in zoos is not good.</p> <p>4) So you want to end it? Yes</p> <p>5) So zoos are not immoral? They lead to animal abuse, which is immoral.</p> <p>6) Is the Dept. of Environmental Protection aligned with the American Zoological Association? No.</p> <p>7) I've been to zoos and haven't seen the cages and abuses cited by PETA. Why? What you saw did not reflect the national environment in zoos.</p> <p>8) Are zoos underfunded? They have funds, but they don't use them primarily for the animals.</p> <p>9) Does negating the resolution entail supporting the status quo? Yes</p> <p>10) Do you have an example of a zoo that is underfunded? No.</p> | <p>1) Would the CDA provide a source that couldn't be trusted? PETA misrepresents a lot of issues in the name of animal rights.</p> <p>2) Don't others contribute to education and conservation? Zoos provide the greatest</p> <p>3) What evidence do you have? DEP and AZA</p> <p>4) Doesn't the government play a role in zoos? A small role</p> <p>5) Couldn't government money be spent on wildlife sanctuaries? This would eliminate the indispensable education done by zoos</p> <p>6) Isn't there less animal abuse in sanctuaries? Some zoos are better than others</p> <p>7) Doesn't our definition of zoos limit them to institutions that keep animals in captivity in order to showcase them? You can still see animals in wildlife preserves.</p> |

<sup>3</sup> PETA is "People for the Ethical Treatment of Animals," an animal rights group.
